VOTING PROGRESSING

AT A MERRY CLIP NOW—THOUSANDS OF VOTES ARE BEING RECEIVED FROM CANDIDATES AND THEIR MANY FRIENDS—NEW CANDIDATES ARE BEING ADDED DAILY.

Great Contest Is Warming Up and the Interest Growing—Office Is Open Evenings For the Accommodation of Contestants and Friends.

The time is short, about six weeks from this date the contest will be brought to a close and you will have missed an opportunity that comes to some people but once in a life time.

Contestants All Hustling

Most of all the candidates in the Daily Bulletin-Public Ledger contest are exerting every effort to win one of the prizes offered. The ending of the first week will find many changes in the list. Hundreds and hundreds of votes have been cast in the last few days, and some new names have forged to the front.

The vote for the past few days has been heavy, considering the short time the contest has been going, and from now on it may be expected to increase daily. Tell your friends that you are out to win and want their votes. People help those who help themselves, and if you desire that five-passenger touring car, one of the Victrolas, one of the \$50 diamond rings, you will do well to ask your friends or give their names to the Contest Department manager at once. The Contest Department will help you all it can, but can not do it all. You must help yourself, and if you will work in conjunction with the manager of the Contest Department and be guided by his advice, you will have a splendid chance to get a prize.

If you want a prize, get busy—by getting your friends to subscribe for the Daily Bulletin-Public Ledger, or have them renew their subscriptions, as votes are issued on all back subscriptions when paid.

Collectors and solicitors, both in the city and rural districts, are equipped with ballot books and are authorized to issue ballots when subscriptions are paid. Be sure and get your ballots when paying subscriptions, either arrears or in advance. Don't forget to call up the Contest Manager if there is anything you do not understand, as he is always in the office and ready to give any information desired.

Future Orders.
In some cases contestants will find that prospective subscribers are now paid in advance for some other paper and do not desire to have two papers from the same town.

In order that candidates may secure these subscriptions we will hold their papers until they order it.

Hustle Is the Word.
Some of the candidates have al-

ready mapped out their campaign and are writing letters to their friends and supporters, and are telephoning to others. The aggressive ones are organizing their friends, who are using their influence and efforts in securing votes for the candidates selected in the different communities. The sooner an active campaign is commenced, the greater will be the opportunity to win a prize and there is not a single prize in the attractive list that is not worthy of the utmost endeavor.

Unpaid Subscriptions Count.
All subscribers to the Daily Bulletin-Public Ledger who are in arrears on their subscription account and who settle same, are entitled to votes according to amount paid. When you pay your subscriptions be sure you receive the votes to which you are entitled.

How Territory Is Divided.
District No. 1 will include the city of Maysville, the entire six wards. District No. 2 covers all towns in Mason county and territory outside the county and state.

To Decide By Ballot.
The decision as to who will win the automobiles and other prizes rests with the Daily Bulletin-Public Ledger readers. There will be a method of voting by coupons and by ballots, as explained in another part of this paper. During the early part of the contest coupons will be printed which, when filled out and sent to the Contest Manager will count 200 votes. Votes are also given on new and old subscribers paying or prepaying their subscription, according to the schedule of votes as printed elsewhere. All votes are absolutely free, and persons may vote as many times and as often as they wish, and for whoever they wish.

Summary of Prizes Offered.
FIRST GRAND PRIZE, CITY DISTRICT, SAXON SIX.
SECOND GRAND PRIZE, CITY DISTRICT, VICTROLA.
THIRD GRAND PRIZE, CITY DISTRICT, DIAMOND RING.
FOURTH, FIFTH, SIXTH AND SEVENTH GRAND PRIZES, CITY DISTRICT, TOTALLING \$100 IN GOLD.
FIRST GRAND PRIZE, COUNTRY DISTRICT, OVERLAND.
SECOND GRAND PRIZE, COUNTRY DISTRICT, VICTROLA.
THIRD GRAND PRIZE, COUNTRY DISTRICT, DIAMOND RING.
FOURTH, FIFTH, SIXTH AND SEVENTH GRAND PRIZES, COUNTRY DISTRICT, TOTALLING \$100 IN GOLD.

Magnitude of Contest.
The contest, by this distribution of such a great number of prizes and the value attached thereto, becomes one of statewide interest. Thousands of people will watch closely the standing of the various candidates, and for that reason the standing of the candidates and the number of votes to their credit will be published twice a week. All will then know just where each one stands and can work accordingly.

Open Evenings.
For the benefit of those who are able to get to this office during business hours, the contest department will be open every evening until 8 o'clock.

SHOOTING AFFAIR

Nicholson Brothers Shoot Up Vicinity of Union Street—Man in the Case Cause of All the Trouble.

Tuesday morning about 10:30 o'clock, Union street, near the Ice Plant, was the scene of a fight in which a shotgun and rocks were the chief weapons. Two brothers, W. R. and Clarence Nicholson, were the chief offenders.

W. R., better known as Ross, is a married man, and lately has been complaining that a man has been too intimate with his wife. It is thought that he became enraged over this and started to beat his wife unmercifully when his brother, Clarence, better known as "Hot Stuff," endeavored to stop him, and temporarily succeeded in holding Ross while Mrs. Nicholson ran out the front door, bleeding profusely from the wounds inflicted by her enraged husband.

Ross escaped from the arms of his brother and ran after her, Clarence closely following. As the brothers ran out the door, Foreman E. W. Kelly, of the C. & O. section crew, who had seen the woman rush out of the house and seeing her condition, called to the men not to hit her any more. The brothers evidently forgot all about the domestic affair and their brotherly instinct coming forward, they started after Kelly. Clarence threw some of the ballast rock from the railroad and the other men at work on the tracks started to throw back at "Hot Stuff," and were driving him into the house when Ross came out of the door with a single-barrel shotgun. Seeing the gun, the section men started to run for cover, and turning up Union street, ran for the first door, which proved to be the storage room of the Ice plant.

As the fighting brothers turned the corner of Union street, they fired the shotgun, one of the shots hitting Mr. J. F. Bare, a bystander, in the cheek, and causing a slight flesh wound. Ned Carter, a colored employee of the Ice plant, and who was loading ice when the affair occurred, was shot in the muscle of the arm, which resulted only in a small flesh wound. Both of the injured men were treated by Dr. John T. Strode, who was in the Ice plant.

After their only shot was spent, the Nicholson brothers were attacked by the section hands with rocks and implements. One of the brothers held the men off while the other ran into the house and got a pair of cars which belong to their boat, moored to Hunter's float at the foot of Union street. They ran down the street to the river and rowed across to the Ohio shore where they were last seen. The police were notified and soon arrived on the scene. They immediately started in pursuit of the brothers.

Late Tuesday evening the brothers were captured at the coal docks east of this city, by Officer William Tolle, where they were awaiting a chance to catch a freight train to go to other parts. They will be given a trial soon.

DOUBLEHEADER TODAY.

The fans will be treated to the second doubleheader of the season this afternoon when the local team locks horns with the fast Frankfort Lawmakers. This extra bill is the play-off of the game that was called off Monday on account of wet grounds. As the Lawmakers and our boys are neck and neck in the league race, the contest should be of the fastest played here. French, our new pitcher, will probably occupy the mound for the locals, while DeBerry will be the target for his shoots.

ANNOUNCEMENT REGARDING CANDIDATES TO BE NOMINATED AND CANDIDATES' NAMES WHO HAVE BEEN NOMINATED AND WISH TO WITHDRAW.

It will be necessary in both instances to have same in writing. Candidates names who are already appearing in the list must either withdraw their names in writing from the list or make same known to our authorized representative.

Tuesday morning Mayor J. W. Lee found a boy by the name of Harry Bluestein, aged 13, walking the streets in a destitute condition, who said his home was in Charleston, W. Va. Mayor Lee telegraphed his father, who requested to hold the boy until he arrived.

WOMAN REFUSES OPERATION

Tells How She Was Saved by Taking Lydia E. Pinkham's Vegetable Compound.

Louisville, Ky.—"I think if more suffering women would take Lydia E. Pinkham's Vegetable Compound they would enjoy better health. I suffered from a female trouble, and the doctors decided I had a tumorous growth and would have to be operated upon, but I refused as I do not believe in operations. I had fainting spells, bloated, and could hardly stand the pain in my left side. My husband insisted that I try Lydia E. Pinkham's Vegetable Compound, and I am so thankful I did, for I am now a well woman. I sleep better, do all my housework and take long walks. I never fail to praise Lydia E. LUBLIN.

Washington.—The Russian government of Lublin, where the onward rush of Teutonic invaders was first arrested by the Muscovites, is described in a statement issued today by the National Geographic Society:

"The region where the Austro-German forces were brought to a halt in their campaign in southern Poland by the first determined Russian stand, is in the nature of an elevated plateau, scattered here and there deeply by rivers, and heavily wooded with forests of oak, beech and pine. In belts, the land is severely torn, a complex of hill and ravine. Over much of its area it is thinly populated and presents stretches of wild, unkempt, trackless forest and thicket. There is plenty of natural cover for armies operating there.

"Lublin is the southeasternmost government of Russian Poland. It is contained, east and west, between the rivers Bug and Vistula. The river Bug divides Lublin from the Russian government of Volhynia, while the river Vistula divides it from the Russian Poland government of Radom. Galicia bounds it upon the south, and the government of Siedlce upon the south. Thus, the intended withdrawal of the Russians to the line of the Bug, were looking forward to the abandonment of almost all of Russian Poland. The Bug river flows in a wide arc to the northeast and north of Warsaw, joining the Vistula just north of the Polish capital, near the town of Lublin, about 40 miles north-northwest of the Polish metropolis.

"The government has an area of 6,500 square miles, and a population estimated at about 1,400,000. It is a rolling plain, intersected with knots and belts of hills. In the northern part, where the Lublin-Kholm railway, of strategic importance, crosses the government, on its way between Warsaw and Kiev, is the densest forest growth. Also, in the northern neighborhood is the city of Lublin, the third manufacturing town of Russian Poland. The Vistula, the Bug, the Wieprz, San, Tanev rivers drain the district. A treacherous region of lakes and marshes and black quicksands occurs in the east, reaching into Galicia. A marshy lowland lies between the Vistula and the Wieprz.

"Heavy, black earth, of rich fertility, is found in parts of the government, and this is mostly under careful cultivation. Rye, oats, wheat, barley and potatoes are the principal crops. A good deal of the Lublin harvest is exported. Flax, hemp and beet root are cultivated on the larger estates, and stock raising is carried on. The sugar beets are worked for their product in mills within the government; spirits, flour, leather and lumber are other of its manufactured products. There are some horse farms in the district, whose animals have a European reputation. The character of the government is distinctly agricultural—there are few cities and very little railway mileage, especially are the railways lacking in the south and central parts.

"At one time, German immigration threatened to over-run this region, the Teutonic settlers being attracted by the rich, promising soils, and the great consumer's markets easily reached from Lublin. In later years, this immigration was effectively stopped. There were, probably, more than 25,000 Germans in the district at the beginning of the war. It was the influx of German settlers that largely brought about the adoption of modern methods in this part of Russian Poland for the cultivation of the soil. The roads running north are of indifferent quality, and taken together with the almost entire lack of railway facilities, the maneuvering of armies through this territory must be surrounded with considerable effort and difficulty.

A BELATED MILITARY PROGRAM.

The Secretaries of War and the Navy with their advisers are working on a belated military program which, it is estimated in some quarters, may cost the government as much as \$500,000,000. The gravity of the German situation, the increase of anarchy in Mexico and the general criticism of the nation's lack of military preparedness have combined to inspire the administration with a realization that something should be done, and now, at the eleventh hour, a somewhat comprehensive program to Congress. There is every reason to fear, however, that if Congress heeds this proposal, great sums will be wasted. When President Wilson, by the exertion of his personal influence with Congress, defeated the Gardner resolution calling for a thorough investigation of the military needs of the nation, he deprived himself and Congress, and the public, of the most available method of learning the needs of the country in advance of the expenditure of millions of dollars on certain abuses, some of them of long standing, which operate seriously to diminish the efficiency of the military establishment, and of acquiring information essential to the intelligent and economical expenditure of funds.

Of course, one of the reasons why the President was so opposed to the Gardner resolution was his conviction that it would serve in a large measure to show the worst than inefficient administration the navy was receiving at the hands of Secretary Daniels. Moreover, such an investigation intelligently conducted would have exhibited the almost criminal folly of reviving certain southern navy yards which prudent administration had proved should be abandoned in the interest of both efficiency and economy. Of course, the President's friends wanted no such exposure and Secretary Daniels violently opposed it and so the Gardner resolution was killed—at what promises to be tremendous cost to the nation.

A novel use of the aeroplane is under
consideration by owners of seal-
ing vessels as a result of the failure
of the seal hunt this year. It is pro-
posed that two experienced aviators
be engaged to visit the east coast and
Gulf or St. Lawrence, respectively,
just before the opening of next season
and find the herds. The information
thus obtained would enable the
fleet to sail directly for the scene of
the hunt, instead of spending much
time in searching for the animals.

BRACKEN ASSOCIATION OF BAPTISTS

Opens Its 118th Session At the First
Baptist Church Today

Our own Hon. C. N. Bolinger, who
has been moderator of the Bracken
Association of Baptists for some fif-
teen years, will call that body to or-
der today at 10 a. m. After Rev. Wil-
liams has led the devotional service
and Dr. J. S. Wilson has preached the
introductory sermon, the body will
elect officers and organize for busi-
ness.

Rev. H. B. Wilhoyte and his church
are making extensive preparations for
entertaining the host of Baptists who
will enter our city today.

The entire public is invited to en-
joy all of the sessions of this body;
especially are they urged to attend
the evening meeting. At this service
special music will be rendered, after
which Rev. J. A. Davis will preach
the annual missionary sermon. Dr.
J. S. Wilson and Rev. R. C. Gold-

smith will both be heard in brief, help-
ful messages. Seven-thirty is the
hour.

Dr. W. D. Powell, of Louisville,
State Secretary of Missions, and one
of the liveliest wires in the land has,
during the past eight years, brought
Kentucky Baptists from near the bot-
tom to the very top in the mission
work of the Southern Baptist Con-
vention. Despite the apparent hard-
times of the past two years, he has so
organized his people that they led all
the southern states in exceeding their
apportionment.

Dr. Powell will bring us a thrill-
ing and instructive message about
"Our Old Kentucky Home" on next
Thursday morning and those who fail
to hear him will truly miss a great
treat.

FRANKFORT WINS CLOSE GAME

Our Boys Lose To Lawmakers By Score of 2-1—Errors Cause Defeat.

The delayed Ladies' Day spelled defeat for the locals Tuesday, as they lost a game that should be on the winning side of the ledger. Long John Singleton, the big pitcher from Gallipolis, pitched a game of ball that should have won in any league, but his support was wretched, Henderson having two errors on chances that were quite easy.

Monroe, of the visitors, had fine support and this helped him much in winning his game. The batting of DeBerry for the locals and Muller for Frankfort and the star catches of Angemier and H. Devore, who caught balls that seemed sure hits, featured the game play by play.

FIRST INNING.
FRANKFORT—Kimball flew to Tinnin. Henges reached first on Singleton's error. Kaiser flew to H. Devore. Jones dilted. No runs. No hits. One error.

MAYSVILLE—H. Devore reached first on Turner's error. Emmer sacrificed. DeBerry hit over second, H. Devore scoring. J. Devore flew to Jones. One run. One hit. One error.

SECOND INNING.
FRANKFORT—Williams popped to Tipton. Angemier rolled, Emmer to Henderson. Turner rolled, Singleton to Henderson. No runs. No hits. No errors.

MAYSVILLE—Tinnin dilted. Henderson dilted. Kelly lined one to Angemier, who caught the pill at his shoetops and rolled over in the mud several times, still holding the ball. No runs. No hits. No errors.

THIRD INNING.
FRANKFORT—Muller singled. Monroe whiked. Kimball hit through second. Henges rolled, Singleton to Henderson. Kaiser fanned. No runs. Two hits. No errors.

MAYSVILLE—Singleton carressed the atmosphere three times. H. Devore rolled, Turner to Kaiser. Emmer popped to Henges. No runs. No hits. No errors.

FOURTH INNING.
FRANKFORT—Jones rolled, Singleton to Henderson. Williams walked. Angemier walked. Turner hit into a double, Kelly to Tipton to Henderson. No runs. No hits. No errors.

MAYSVILLE—Tipton walked. DeBerry sacrificed. J. Devore popped to Williams. Tinnin rolled to Kaiser. No runs. No hits. No errors.

FIFTH INNING.
FRANKFORT—Muller hit over second. Monroe walked. Kimball sacrificed. Henges rolled, Singleton to Henderson. Kaiser popped to DeBerry. No runs. One hit. No errors.

MAYSVILLE—Henderson fanned. Kelly flew to Turner. Singleton whiked. No runs. No hits. No errors.

SIXTH INNING.
FRANKFORT—Jones rolled, Henderson to Singleton. Williams hit one over short. Angemier popped to Kelly. Turner rolled, Singleton to Henderson. No runs. One hit. No errors.

MAYSVILLE—H. Devore rolled, Turner to Kaiser. Emmer popped to Williams. Tipton reached first on Turner's error. DeBerry hit one over third. J. Devore lined to Kaiser. No runs. One hit. No errors.

SEVENTH INNING.
FRANKFORT—Muller dilted. Monroe reached first on Henderson's error. Kimball singled. Henges fanned. Kaiser flew to Emmer. No runs. One hit. One error.

MAYSVILLE—Tinnin popped to Jones. Henderson popped to Kaiser. Kelly rolled, Williams to Kaiser. No runs. No hits. No errors.

EIGHTH INNING.
Jones reached first on another error by Henderson. Williams hit through second. Angemier sacrificed. Turner popped to DeBerry. Muller hit over third for two bases, Jones and Williams scoring. Monroe lined to H. Devore. Two runs. Two hits. One error.

MAYSVILLE—McGraynor, who batted for Singleton, rolled to Monroe, who threw him out. H. Devore popped to Kaiser. Emmer fanned. No runs. No hits. No errors.

NINTH INNING.
FRANKFORT—Winchell pitching for Maysville. Kimball beat out a bunt. Henges walked. Kaiser forced Kimball. Jones hit into a double, Winchell to Emmer to Henderson. No runs. One hit. No errors.

MAYSVILLE—Tipton fanned. DeBerry fanned. H. Devore popped to Henges. No runs. No hits. No errors.

On August 1, 1914 we made the announcement that if we could make and sell at retail 300,000 Ford cars between August 1, 1914 and August 1, 1915 we would share profits with the retail purchasers, to the extent of from \$40 to \$60 on each car. We have sold over 300,000 Ford cars in the time specified, and profit-sharing checks of \$50 each will be distributed as rapidly as possible after August 15, 1915. Retail purchasers who have not yet mailed us their profit-sharing coupons, properly endorsed, should do so without delay.

Our plan to profit-share with retail purchasers of Ford cars during 1914-15 has been most successful. We thoroughly believe in it, but, realizing the uncertainty of conditions generally makes it advisable to defer any announcement of future profit-sharing until a later date.

We are however, confident of our inability to reduce costs for several months, and therefore can offer no profit-sharing for cars.

"IDEAL" Fireless Cook Stove

Roasts, Bakes, Steams, Stews, Fries, Boils

Effective heat retention is the one principle upon which any fireless cookstove success must stand or fall. It is the fundamental of fireless cookstove construction.

The Water Seal Top which is an exclusive feature of the "Ideal," has solved the problem of perfect heat retention. In no other way can a leakage of heat and a corresponding loss of cooking efficiency be prevented.

The principle of this water seal top can hardly be clearly set forth here. But come to our store and we will be glad to demonstrate the principle.

Were the "Ideal" an unsightly object, instead of the handsome piece of furniture it is, it would still be the one fireless cookstove to buy, because of its water seal top, the crowning achievement in fireless cookstove building.

We put our reputation back of the "Ideal" along with the manufacturer's and offer the "Ideal" to you with a guarantee of satisfaction.
